February 2019

CLASSROOM ROOFED

A major step in the progress of our project, the Science/Computing block at Nkhande Secondary School, has been passed with the completion of the roofing. Door and window frames have now

been fixed, and a number of other tasks remain before levelling of the floor and plastering of the walls are undertaken.

The roof is higher to allow better circulation of air in the hot climate of the district. Progress is now on hold because of the rains which make the roads impassable..

VISITORS

We are delighted that we are welcoming our Malawian partners to Killearn. Rev Levi Nyondo and Ruth Nyondo have been visiting Jenifer Barrett, and will return in February before their flight back to Malawi. The KMG Committee has had a meeting to hear from Rev Levi about Jamieson House, and Kileni School, and the Women's Craft Project.

Kondwani Chidziwisano will be arriving in February to continue his research at Strathclyde University. He will be staying with Ken Allen until April, and you may see him on the bus to Glasgow and around the village. I know you will make him welcome, and he is looking forward to the Jumble Sale!

JUMBLE SALE

SATURDAY 23rd FEBRUARY
KILLEARN KIRK HALL
10am-12noon

It's that time of year when you can clear out your cupboards, get rid of unneeded presents and declutter!

Donations received at Kirk Hall on
FRIDAY 22nd FEBRUARY
6-8PM

As usual we are unable to accept large items like furniture, and electrical goods.

Many of you kindly volunteer to help every year, and we would be grateful for your continuing help.

However, we always need more volunteers to help even for part of the time; the sessions are as below:

Friday afternoon 4-6pm to set up;

Friday evening 6-8pm to receive and sort donations;

Saturday morning 9.30am-12noon to man stalls;

Saturday afternoon 12-2pm to clear up

We would be particularly grateful for help at the final clearing up session, even for part of the time.

Please contact Jenifer Barrett on 01360 550508 if you would like to help.
